Independent Auditors' Report

To the Board of Directors
The Young Women's Christian Association
of the Hartford Region, Inc.
Hartford, Connecticut

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of The Young Women's Christian Association of the Hartford Region, Inc. and Subsidiary, which comprise the consolidated statements of financial position as of December 31, 2015 and 2014, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Young Women's Christian Association of the Hartford Region, Inc. and Subsidiary as of December 31, 2015 and 2014, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 1, during the year ended December 31, 2015, The Young Women's Christian Association of the Hartford Region elected early adoption of Accounting Standards Update No. 2015-07, *Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments require retrospective application. As a result, certain amounts related to investment disclosures have been restated as of and for the year ended December 31, 2014. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 28, 2016 on our consideration of The Young Women's Christian Association of the Hartford Region, Inc.'s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The Young Women's Christian Association of the Hartford Region, Inc.'s internal control over financial reporting and compliance.

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION OF THE HARTFORD REGION, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Young Women's Christian Association of the Hartford Region, Inc. (the Association) was formed in 1966 through the merger of The Young Women's Christian Association of Hartford and The Young Women's Christian Association of Hartford County, Inc., the origins of which go back to 1867. The Association, as part of a national membership organization, is dedicated to eliminating racism, empowering women, and promoting peace, justice, freedom and dignity for all. The Association provides mission-based programs that respond to needs in the community.

Principles of Consolidation

The consolidated financial statements present the consolidated financial position and changes in net assets and cash flows of the Association and the following wholly owned entity:

Soromundi Housing, Inc.

A for-profit corporation that owns a .01% general partnership interest in Soromundi Commons Limited Partnership. The partnership was formed to provide accommodations and supportive services for up to 48 low-income individuals in the Hartford area. All significant intercompany accounts and transactions are eliminated in consolidation. The Association and Soromundi Housing, Inc., are collectively referred to as the Organization. The for-profit subsidiary follows the accounting guidance for consolidation of variable interest entities. The Organization has evaluated its relationship with Soromundi Commons Limited Partnership and has determined that it is not required to consolidate this entity into its financial statements because the Organization is not the primary beneficiary.

Basis of Accounting and Presentation

The consolidated financial statements of the Organization have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). Accordingly, the accounts of the Organization are reported in the following net asset categories:

Unrestricted Net Assets

Unrestricted net assets represent available resources other than donor-restricted contributions. These resources may be expended at the discretion of the Board of Directors. Undesignated net assets represent the portion of expendable funds that is available for support of operations. Designated net assets represent reserves or special designations established by the Board of Directors. The Organization has identified two categories of designated unrestricted net assets: funds functioning as endowment for the amounts accumulated as unrestricted endowment funds and the Organization's investment in property and equipment, net of related notes payable.

Temporarily Restricted Net Assets

Temporarily restricted net assets represent contributions that are restricted by the donor as to purpose or time of expenditure. The Organization has three categories of temporarily restricted net assets: funds functioning as endowment, which includes accumulated investment income and gains on donor-restricted endowment assets that have not been appropriated for expenditure, donor contributions with purpose or time restrictions, and split-interest agreements.

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION OF THE HARTFORD REGION, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Permanently Restricted Net Assets

Permanently restricted net assets represent resources that have donor-imposed restrictions that require that the principal be maintained in perpetuity but permit the Organization to expend the income and market appreciation earned thereon. Permanently restricted net assets also include the Organization's proportionate share of the principal amount of the irrevocable trusts with outside trustees for which the Organization is an income beneficiary.

Measure of Operations

The consolidated statements of activities present revenue from operations separately from nonoperating activities. For purposes of the consolidated statements of activities, operations are defined as revenue and expenses from governmental contracts, childcare operations, membership activities, other programming, along with the facilities and administrative expenses. All other revenue and expenses (primarily investment results, gain on sale of property and depreciation) are classified as nonoperating activities. Amounts allocated through the annual endowment spending policy are classified as operations. The basis of presentation reflects the Organization's management philosophy throughout the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash equivalents are defined as highly liquid investments with original maturities of 90 days or less. The Association maintained deposits in financial institutions, of which the bank balance exceeded federal depository insurance limits. However, management believes that the Organization's deposits are not subject to significant credit risk.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income includes the Association's gains and losses on investments bought and sold as well as held during the year. Realized and unrealized gains and losses and other investment income are reflected in the accompanying statements of activities as net realized and unrealized gain (loss) on investments. These amounts are reported in the statements of activities as increases or decreases in unrestricted, temporarily restricted or permanently restricted net assets as appropriate based on any donor stipulations or law.

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION OF THE HARTFORD REGION, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Split-Interest Agreements

Split-interest agreements consist of assets placed in trust for the benefit of the Association and other beneficiaries. Revocable split-interest agreements are not recorded as contributions unless enforceable by law. Irrevocable split-interest agreements are recorded as contributions at fair value when the assets are received or when the Association is notified of the existence of the agreement. The accounting treatment varies depending upon the type of agreement created and whether the Association or a third party is the trustee. See Note 5 for further discussion of split-interest agreements.

The Association's policy in recent years has been to transfer unrestricted bequests of more than \$15,000 to the funds functioning as endowment designation unless the Board of Directors votes to add them to another fund. The accumulated amount of such additions and any accumulated income and gains is reported as unrestricted net assets in the consolidated statements of financial position and, correspondingly, as changes in unrestricted net assets in the consolidated statements of activities.

Property and Equipment

Property and equipment acquisitions and improvements thereon that exceed \$1,000 are capitalized at cost and depreciated on a straight-line basis over their estimated useful lives. Expenditures for repairs and maintenance are charged to expense as incurred.

Contributions

Unconditional contributions are recognized when pledged or received, as applicable, and are considered to be available for unrestricted use unless specifically restricted by the donor. The Association reports nongovernmental contributions and grants of cash and other assets as temporarily restricted support if they are received with donor stipulations that limit their use. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions. Contributions received whose restrictions are met in the same period are presented with unrestricted net assets. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

The Association reports gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions on how the assets are to be used and gifts of cash or other assets that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations about how long those assets must be maintained, the Association reports expirations of donor restrictions when the assets are placed in service.

Contributed services are recognized in the consolidated financial statements if they enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. No amounts have been recorded in the consolidated financial statements for contributed services since no objective basis is available to measure the value of such services. General volunteer services do not meet these criteria for recognition. However, many volunteers have donated significant amounts of time in supporting the Association's mission and fundraising campaigns.

Grants and Contracts

Other than certain awards to fund capital expenditures, governmental grants and contracts are generally considered to be exchange transactions rather than contributions. Revenue from cost-reimbursement grants and contracts is recognized to the extent of costs incurred. Revenue from performance-based grants and contracts is recognized to the extent of performance achieved. Grant and contract receipts in excess of revenue recognized are presented as deferred revenue.

Other Assets

Other assets consist of prepaid expenses and accounts receivable. The Association has accounts receivable related to program revenues. Management maintains an allowance for doubtful accounts based on past history, current economic conditions, collection trends and overall viability of the third party. Receivables are written off only when management believes amounts will not be collected and when all attempts to collect from individuals or other payor sources have been exhausted. Receivables are considered past due based on the invoice date. Accounts receivable at December 31, 2015 and 2014, is presented net of an allowance for doubtful accounts of \$5,642 and \$18,909, respectively.

Program and Activity Fees Revenue Recognition

Program and activity fees include revenue received for childcare services and after-school programs. The Association recognizes the revenue from these services when earned, which is when services are performed. Amounts received in advance of earning these revenues are recorded as deferred revenue.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been presented on a functional basis in the consolidated statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

The Association owns Unit Y of the Soromundi Commons Condominium at 135 Broad Street. The current primary use of Unit Y is to house administrative and some program staff offices of the Association. In addition, Unit Y is occupied by other nonprofit entities. The column labeled community facilities in the consolidated statements of functional expenses reflects the cost of maintaining the portion of Unit Y that is occupied by other nonprofit entities.

Income Taxes

The Association is exempt from federal and state corporate income taxes as a public charity under Section 501(c)(3) of the Internal Revenue Code.

Change in Accounting Principle

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize investments measured at net asset value within the fair value hierarchy tables. The standard is effective for years beginning after December 15, 2016 and early adoption is permitted. The Association has elected to early adopt ASU 2015-07 for the year ended December 31, 2015.

Subsequent Events

In preparing these consolidated financial statements, management has evaluated subsequent events through June 28, 2016, which represents the date the consolidated financial statements were available to be issued.

NOTE 2 - SOROMUNDI COMMONS

The Association has established a subsidiary corporation, Soromundi Housing, Inc., which is the general partner in the limited partnership, Soromundi Commons Limited Partnership. Soromundi Housing, Inc., has a .01% ownership interest in Soromundi Commons Limited Partnership, which is accounted for under the cost method. In order to secure financing for the renovation of the housing tower, the Association divided its facility at 135 Broad Street into three condominium units, collectively known as the Soromundi Commons Condominium. Unit H, which is comprised of most of the housing tower, is owned by Soromundi Commons Limited Partnership. Units Y and S, which are comprised of the remaining space at 135 Broad Street, continue to be owned by the Association.

The housing tower provides accommodations and supportive services for up to 48 low-income individuals. It includes 48 units of supportive housing, which are reflected on the books of Soromundi Commons Limited Partnership.

The Association is contingently liable for the satisfaction of all liabilities of Soromundi Commons Limited Partnership. Summarized audited financial data for Soromundi Commons Limited Partnership as of December 31, 2015 and 2014, are as follows:

Total Investments	\$ <u>11,607,976</u>	\$ <u>11,697,691</u>

The Association's investments include a diversified portfolio of equity and bond investments managed by professional investment advisors, the policies of which the Association believes minimize the risks of significant geographic or economic concentration. The Association does not control the investments held in outside trusts, but understands that such funds are invested under applicable laws governing such trusts.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Association has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION OF THE HARTFORD REGION, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. As a practical expedient, certain investment are measured at fair value on the basis of net asset value (NAV). The fair value of these investments is not included in the fair value hierarchy.

The following is a description of the valuation methodologies and investment strategies used for assets measured at fair value:

Marketable Equity Securities

Marketable equity securities are valued at the closing price reported in the active market in which the individual securities are traded.

Corporate Bonds

Certain corporate bonds are valued at the closing price reported in the active market in which the individual securities are traded. Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar durations and credit ratings.

Money Market Funds

Money market funds are valued based on readily-available pricing sources for comparable instruments.

Real Estate Trusts

Real estate trusts are valued at the closing price reported in the active market in which the individual securities are traded or using net asset values as determined by the investment manager of the fund. This net asset value is based on the fair value of the underlying assets and liabilities of the related fund at the measurement date. This investment class makes commitments to private real estate investment opportunities with the goal of outperforming market indices over the long term.

Commodities Funds

Commodities funds are valued at the closing price reported in the active market in which the individual securities are traded. This investment class invests in commodity funds which are readily traded on the open market.

Split-Interest Agreements

Fair value inputs used for split-interest agreements are based on the estimated present value of the future payments to the Association, which is considered to be the fair value of the assets held in trust.

There have been no changes in the methodologies used at December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Association believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - SPLIT-INTEREST AGREEMENTS

Beneficial Interest in Perpetual Trust

The Association retains a beneficial interest in various trusts established by donors and held by unrelated trustees. Under this arrangement, the Association receives investment income from the trusts, but does not have access to the principal. Changes in the carrying amount of the beneficial interest are recognized as increases or decreases in permanently restricted net assets. Income received during the years ended December 31, 2015 and 2014, with respect to these trusts was \$102,425 and \$102,775, respectively.

Charitable Trusts

The Association is a named beneficiary in the charitable remainder trusts established by a donor. These trusts represent an arrangement in which a donor establishes and funds a trust that is held by a third party with the grantor as the named life beneficiary. The trust provides for the payment of distributions to the grantor or other designated beneficiaries over the trust's term, usually the designated beneficiary's lifetime. At the end of the trust's term, the remaining assets are available for the Association's use. The portion of the trust attributable to the present value of the future benefits to be received by the Association was recognized in the statement of activities as a permanently restricted contribution in the period the trust was established.

Depreciation expense for the years ended December 31, 2015 and 2014, was \$304,480 and \$279,435, respectively.

NOTE 7 - LINES OF CREDIT

The Association has a commercial line-of-credit agreement with Bank of America. The borrowing limit on this line of credit is \$850,000. There is no set expiration date and Bank of America may terminate the agreement at any time. All borrowings bear interest at the three-month LIBOR rate plus 1.0% (effective rate - 1.42% at December 31, 2015) and are collateralized by one of the Association's investment accounts held by Bank of America. The account has a value of \$1,143,997 at December 31, 2015. The total outstanding borrowings on this line-of-credit agreement were \$850,000 at both December 31, 2015 and 2014.

The Association also has a commercial line-of-credit agreement with Santander Bank. The borrowing limit on this line of credit is \$250,000. The note is subject to an annual review by the bank. All borrowings bear interest at the bank's prime rate and no more than maximum rate allowed by applicable law and are due on demand. There were no outstanding borrowings on this line-of-credit agreement at December 31, 2015 and 2014.

Interest expense for the lines of credit was \$13,456 and \$11,968 for the years ended December 31, 2015 and 2014, respectively.

NOTE 8 - NOTE PAYABLE

The Association has a mortgage note payable to Trustees of Truck Drivers, Chauffeurs, Warehousemen and Helpers Union No. 671. The mortgage is payable in monthly installments of principal and interest of \$1,165, commencing May 7, 2011, with a balloon payment of \$60,692 on May 7, 2016. The mortgage bears interest at 6.5% and is secured by a building at 7-9 Signor Street, East Hartford, Connecticut. Interest expense on the mortgage note payable, which is included in occupancy expense, was \$4,476 and \$7,104 for the years ended December 31, 2015 and 2014, respectively.

Aggregate principal maturities of the note payable for the year ending December 31, 2016 is \$63,761.

NOTE 11 - ENDOWMENT

The Association's endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Association has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act (CTUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Association classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Association in a manner consistent with the standard of prudence prescribed by CTUPMIFA. In accordance with CTUPMIFA, the Association considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the various funds
- The purposes of the Association and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Association
- The investment policies of the Association

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or CTUPMIFA requires the Association to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets. There were no such deficiencies as of December 31, 2015 and 2014.

Return Objectives and Risk Parameters

The Association has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Association must hold in perpetuity, as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to maintain the inflation-adjusted value of the current asset base while recognizing the objective of real growth in principal within reasonable and prudent levels of risk. The Association expects its endowment funds, over time, to outperform the Consumer Price Index by 5% over the long term. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Association relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Association targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Association has a policy of appropriating for distribution each year an amount not to exceed 5% of its endowment fund's average fair value over the prior 12 quarters through the calendar year-end preceding the fiscal year in which the distribution is planned. This is consistent with the Association's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

Internal Loan

In 2008, the Board of Directors approved \$200,000 of investment income to use as an internal loan from the temporarily restricted endowment to fund construction costs. This amount was in excess of the approved spending policy. The loan bears interest at the Barclays Intermediate Government Credit Index and is adjusted annually (effective rate - 1.61% at December 31, 2016). This amount will be paid back in monthly installments of principal and interest of \$2,500 through approximately October 2016. During 2015, \$30,000 was paid back to the temporarily restricted endowment, of which \$29,539 was principal and \$462 was interest. NOTE 14 - STATE GRANTS AND CONTRACTS

Based on historical experience, management believes grant and contract receivables represent negligible credit risk. The Association receives a significant portion of its total support from the State of Connecticut. As with all government funding, these grants and contracts are subject to reduction or termination in future years. Any significant reduction in these grants and contracts could have an adverse effect on the Association's program services.

NOTE 15 - BONDING LIENS

The Association received bond funding from the State of Connecticut Department of Social Services for the renovations of its emergency shelter for women (Unit S) and from the Connecticut Department of Education for the renovations of its Growing Tree and East Hartford Early Learning Centers. The provider of the bond funds placed a 10-year lien on the property when the funds were awarded. If the property is sold or utilized for a different purpose by the Association, the bond funds will have to be repaid. The repayment would be made in an amount equal to the amount of the bond less 10% for each full year of the 10-year period that the property was utilized. The unamortized amount of the liens for the emergency shelter for women as of December 31, 2015 and 2014, was \$-0- and \$29,167, respectively, and expired October 2015. The unamortized amount of the liens for the Growing Tree and East Hartford Early Learning Centers as of December 31, 2015 and 2014, was \$77,937 and \$-0-, respectively, and expires April 2025.
